

Easy Fuel - Wireless Vehicle Tag Solution

EasyFuel is the comprehensive fuel management solution for home base fueling, fleets and more. Wireless, card-less and paperless, EasyFuel is based on patented technology, providing a multi-application vehicle or card technology platform. EasyFuel provides value-added service environment making EasyFuel *the* hands-free Fleet data authorization and data gathering solution.

- **Secure**
- **Wireless**
- **Patented**
- **Encrypted**
- **Contact-less**
- **Microprocessor-Based**
- **Completely Automated**

Solution Overview

Control the pump

- Vehicle tags wirelessly detected
- Vehicle ID validated before pump on
- Wireless nozzle ID
- Nozzle ID + vehicle ID = pump on
- Local reporting or central reporting

Prevents fraudulent fueling

- Wirelessly detects vehicle tags
- Unauthorized vehicles can not fuel, pump will not turn on
- Turns off pump when nozzle removed from tank

Electronically collects the odometer or engine hours from the vehicle

- Eliminates paper records
- Eliminates error-prone manual entry

Prevents cross contamination

- Vehicle fuel type programmed onto vehicle tag
- Wrong nozzle = pump off

Improves driver fueling efficiency

- Eliminates manual keypad entry
- Eliminates problematic magnetic stripe cards and keys
- Eliminates lock-outs
- Ease of fueling

Benefits

- Track Off-Road Fuel Consumption
- Drives and Tracks Alternative Fuel Use
- Eliminates Fraud
- Wireless Odometer / Hour-Meter
- Correct Fuel Used
- Paperless
- Accurate reporting
- Secure Control of Unmanned Sites

System Components

FuelForce Controller

Wireless Nozzle ID

Site Controller

Vehicle Tag

Advanced Technology

- Automated Wireless Data Transmission
- Microprocessor-based Asset ID and Control
- Secure TDES Encryption Option
- Reprogrammable Read / Write Tags
- Replaces Paper, Cards, Keys

Issuing Unit Module

Optional Driver Tag and
HID Key FOB

FuelForce Fuel Controller Options

814 Controller

894 Controller

Durable Alphanumeric Keypad
High Visibility Display
Controls Unlimited Hoses

Numeric Data Entry Keypad
Four Line Backlit Display
Controls 4 or Less Hoses

Numeric Keypad
Four Line Display
Integrated With Bennett Pump
